

CVSA Concussion Policy

If head injury has occurred during a game / practice:

1. Remove player from game / practice.
2. Email CVSA Board Rep for your location letting them know what has occurred. Please be as detailed as possible and include player name, phone number and email if available.
3. CVSA Board member will follow up to see if treatment was received.
4. If treated by physician for a concussion, a Doctor's note must be received saying they are cleared to play with 100% physical activity before they can practice / play game.
